## Reupholstery

Greater New Morning Star  
Baptist Church  
L.A. Calif.  
Pastor Walter Riley

Originally these pews were wood seat & back. We totally revitalized these pews by upholstering the seat, back, & back of back. New book racks were manufactured & all wood parts were sanded, stained, sealed & lacquered.

Let us re-do a sample  
pew for you!

Calvary Chapel  
Costa Mesa, Calif.  
Pastor Chuck Smith

We are even fortunate enough to reupholster our own product. This church re does it's interior every 8 to 10 years because of high usage.

# EXPERT RE FINISHING!

## WE ARE THE BEST BECAUSE OF WHAT WE DO AND DON'T DO.

1. We totally unassemble your pews
2. Remove pews to our factory
3. Sand all wood parts to original surface
4. Stain, seal & lacquer parts separately to accomplish a smooth satin finish
5. Re install pews professionally using a new anchoring system

**\*WE DO NOT USE CHEMICALS TO STRIP YOUR PEWS**  
*This will deteriorate existing glue joints and is harmful to our environment.*

Complete re-construction & interior design was the goal of this church. Our job included removal and re-manufacturing of pews. Refinishing of pews with new kneelers made this church a "10".

The Spanish Baptist Church contacted our sales office requesting information regarding reupholstery of their pews. Measurements were taken and a bid was given.

Pastor then presented the bid to his church, colors were chosen and a contract was signed. Fabric was ordered and arrived 6 weeks later. That week their pews were disassembled and refurbished.

**We Produce our Products and Provide our Services to our VALUED CUSTOMERS in the same manner we would expect those Products and Services to be Provided to US. We recognize that the most powerful members of our Sales Force are Our Satisfied Customers.** To insure that our customers are satisfied, we use the finest materials available, combined with quality craftsmanship in our modern factory to appoint furniture, which is both beautiful and built to give you lasting satisfaction.

We are dedicated to our vocation to Adorn Churches. We've spent over 63 years of ergonomic study and application developing and refining a comprehensive product line to meet the seating objectives and needs of our clients.

We proudly state that we have been in business under the same family name, same family ownership, same company name and same location for over 60 years. Our long SUCCESS is attributed to the fact that our loyal customers recognize our dedication to quality. They appreciate the fact that we maintain the highest manufacturing and material standards.

In this "veneer - particle board world", we continue producing an all **SOLID WOOD PEW** (no veneers, no pressed woods, no M.D.F., no oriented strand board - no particle boards). We use the highest quality and density polyurethane foam. We then upholster your furniture with the strongest and most decorative fabrics, who have rubberized backs and can be Teflon coated. Our hand rubbed wood finishes are the best in the market place. Our Sealers and Lacquers are state of the art, hard bar-top type Catalyzed Nitrocellulose Lacquer.

Our Rostrum and Chancel Furniture is manufactured from First and Select Hardwoods and solid core seven layer A-2 American Columbia Plywood.

We are LOCAL. When you need us – we are close by.

Our experience is; New Pews or the Renovation of Existing Pews is exciting and breathes life into congregations - it Attracts and Retains new Attendance.

Whether choosing new pews, platform furniture, interlocking chairs, pads, kneelers, or expert refurbishing of your existing product, you can feel secure that we will follow through with every detail as we have for over 63 years, because our people at **Cardinal** CHURCH FURNITURE; Sales Staff, Designers, Lumbermen, Sawyers, Millers, Manufacturers, Sanders, Upholsterers, Finishers and Installers - are committed to meticulous and conscientious attention to detail. When we committed to this vocation we promised ourselves that we would strive to be the BEST we could be. Our prices are fair, yet competitive. We don't guarantee we are the cheapest, we do promise to be competitive - and - we guarantee that we strive to be the BEST. We guarantee to give you FULL - FAIR VALUE for your investment.

You can be confident of **Cardinal's** performance now and in the future because our next generation of company leadership and fine furniture craftsmen is in place. Your warranty will be secure and continue to remain in force for it's' duration because of the foresight to prepare our fourth generation of leaders, furniture builders and Chapel Crafters at CARDINAL CHURCH FURNITURE.

We'll be delighted to work with you on your project. If you have any questions, we invite your call. When you are ready please call to set up an appointment. ## **RE UPHOLSTERY and RE FINISH – Existing Pews INVITATION to RE CONDITION one of YOUR PEWS as an EXAMPLE**

Dear Pastor,

Our experience is; New Pews or a Renovation of existing pew project is exciting and breathes life into congregations - it attracts and retains new attendance.

**PLEASE LET US RE-FINISH and RE-UPHOLSTER One of your Pews.**

We know that fundraising can be difficult. In order to help you with it, we offer to Re Finish and Re Upholster ONE of your EXISTING PEWS at NO COST. We will renovate it in the Wood and Fabric Colors of your choice.

Please refer to our RE UPHOLSTERY PROCEDURE on the FOLLOWING PAGES. We do a COMPLETE FACTORY Re Upholstery – FACTORY Re Finish of your Existing Pews. We take them all at once so you can paint & re carpet & do other work while the pews are in our factory. We don't do just a few at a time – and – we REMOVE ALL the OLD DEAD POLY and FABRIC. Your Pews come back FRESH and SANITIZED.

**We DO NOT simply “slop on top” making a mess all over your Church or Parking Lot.**

Having a COMPLETED PEW available for your Congregation to see and sit in can help you build the excitement necessary for your fundraising.

If you select us to do your work - we will make certain you are glad you did. We'll be delighted to work with you on your project. If you have any questions, we invite your call. When you are ready please call to set up an appointment. It will be my pleasure to meet with you and your committee at a time convenient to you to present our products and help you with your seating layout, product design and color choices. *Quality* doesn't **cost**, it **PAYS**.

We are a Christian family, we run a Christian business. Part of our Christian responsibility is the obligation that we pay our employees a decent living wage with fair benefits.

In order to accomplish this goal and to be successful, we must sell our products and services at a profit and still satisfy our Customers.

If we satisfy the Customer but fail to make a profit we will soon be out of business. If we make a profit but fail to satisfy our Customers we will soon be out of Customers.

The secret to doing both lies in the concept of producing an excellent product and giving excellent service. This means doing something so valuable for the Customer that he is glad to pay a price that allows us to make a profit.

This policy insures that we will be here - after the sale - to service your warranty.

Torque Down Anchoring System

ATTENTION: PASTOR  
REGARDING: QUALITY. Specifically - our Anchor System.  
Hidden Compression Sleeve - Chicago Expansion Bolt - Torque Down Anchoring System.

Dearest Pastor,

I'm taking time to describe our anchor system myself because I want you to know, from the bottom of my heart and soul, that we use only the **HIGHEST quality - most reliable, Materials and Procedures to produce our products.** In this presentation book - we explain how we attain and maintain quality.

Under TAB 3 we explain our ANCHORING procedure. Most companies use only 2 bolts per pew, 1 on each end. Many use a "pinch bolt" system. We use 4 bolts per pew, 2 per end. Anchoring a CHURCH PEW is much different than other construction anchor systems such as using an expanding Rawl tm type bolt. Rawl type bolts are designed for their shear strength and are not necessarily useful when "pull out" resistance is required. The anchor bolt we use is a custom made (patented CEB) 1/4" x 20 thread 4" bolt, hardened to our requirements. The floor is drilled 1-1/4" deep, then the bolt inserted and a two part lead caulking device is placed into the hole - around the bolt. Once inserted, we use a caulking tool and 3 lb. hammer to permanently caulk (swedge) the lead around the bolt - into the floor. Once these are in the floor, they can not be pulled out or unscrewed. They become a permanent part of the floor. If they ever need to be removed, they must be broken off. The pull out resistance exceeds 2,500 lbs psi. Each pew is anchored with 4 of these devices. After the bolts are inserted into the floor, the pew is placed on top of them. We then insert a washer and nut and torque the nut down. Finally a cover plate is placed over the anchor hole. We've developed this system to ELIMINATE all anchoring failures. We have installed 5,763 Churches, 2,790,000 linear feet of pews without a single pull out or anchor failure.

I want to end by reiterating our commitment to use only the finest materials and procedures to manufacture and install our products. Our anchor system is designed at a factor of 2.5 to exceed it's structural requirement. If there was a better, or more dependable way to anchor our pews, we would be using it. The reason we use such a reliable anchor system is - we warrant our work - and we don't want to have to return to any jobsite because any facet of our product fails. If you have any questions - please feel free to call me directly.

Sincerely - and respectfully - The Lambrecht Family of

To enhance the natural warmth of solid woods, CARDINAL CHURCH FURNITURE offers a wide range of Grade A Fabrics.

All our fabrics include rubberized backing for strength and durability. This process allows the fabric to be cleaned with soap and water. A few of our fabric selections are shown on this page. Our Designers will present a full selection of our available fabrics.

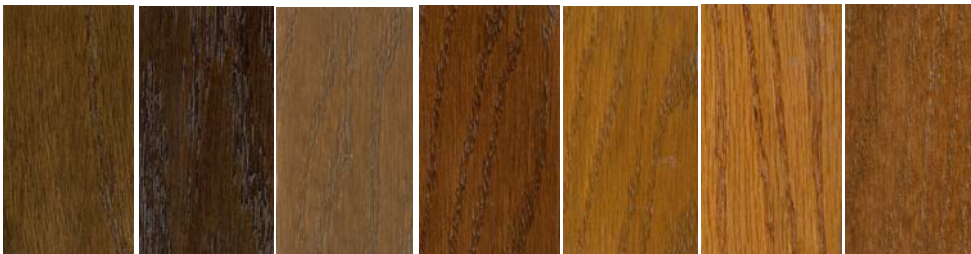

We also provide deep penetrating wood color stains which encompass the very lightest of natural oaks to the deepest darkest tones of walnut.

Our stains are hand applied and hand wiped evenly for a rich finish. We then generously apply one coat of sealer and four coats of catalyzed nitrocellulose lacquer to your true northern solid red oak exterior wood parts.

By combining hundreds of fabric color options with dozens of wood color tones, each customer has the opportunity of creating their own unique color coordination.

# **Cardinals** COMPLETE FACTORY RE-UPHOLSTERY & RE-FINISHING Process. We DO IT RIGHT the First time.

## **1. Free Project Consultation.**

1. Our Designer will visit your job site to determine the scope of the work, he will help select carpet, fabric and wood colors and will, if requested, create a professional color board. He will make a layout of your Pew position.
2. After the selections have been made, we sign a contract stipulating our process, collect a down payment then order new polyurethane foam and fabric.
3. Reserve our Factory and Manufacturing Time for your PROJECT and Suspend all other Work during your Reserved Time.
4. When the fabric arrives and is inspected we schedule to pick up your Pews.

## **2. On the FIRST DAY - At YOUR Church**

5. Our Installation Crew will go to your jobsite. There, we will;
6. Remove your Pews from the Anchors - Break off the Anchors. Floor Patch is not included.  
*If we are awarded the carpet contract, our carpet installers will patch the floor under a separate contract.*
7. Disassemble your Pews.
8. Place your Pew parts on our rolling carts.
9. Collect your second payment.

**IMPORTANT. We take ALL YOUR PEWS at ONE TIME, not just a few at a time.**

10. Return to our Factory with all your required Pew Parts. If your job is in So. Cal., and less than 750 feet we can remove your pews on a Monday, then be back and install on Friday of the same week.

*While we have your Pews at our Factory, you can do other work (paint, floor, etc.) before we return. We do ask that you have all the other work complete before we return. If you need more than a week, we have the capacity to warehouse your Pews. See item 12c. Below.*

## **3. On the SECOND DAY - At OUR Factory in Azusa** **WOOD PART OPTIONS:**

**IMPORTANT. We do the WORK @ our FACTORY. We don't make a mess @ your Church or parking lot..**

**Please - Consult our design team to determine the best option for your Pew Wood Parts.**

☐ 11a. Wood Parts - NOT INCLUDED - Customer has not paid for and does not want the wood parts redone. Place them on our Carts and move to another room to facilitate the floor or carpet company.

☐ 11b. Wood Parts - Touch Up Only - Place the Wood Parts on our Carts, bring them back to our Factory. Convert your pews to our Hidden Chicago Expansion Bolt Torque Down Anchor System. Scuff sand the wood surface, apply a coat of stain, seal using pre catalyzed nitrocellulose sealer, apply 4 coats of catalyzed nitrocellulose lacquer, re-stack on our carts and shrink wrap in preparation for redelivery.

☐ 11c. Wood Parts - COMPLETE FACTORY REFINISH - Place your Wood Parts on our Carts, bring them back to our Factory. Convert your Pews to our Hidden Chicago Expansion Bolt Torque Down Anchor System. Completely sand the wood surface to the bare wood, hand apply and hand rub a coat of our oil stain, seal using pre catalyzed nitrocellulose sealer apply 4 coats of catalyzed nitrocellulose lacquer, re-stack on carts and shrink wrap in preparation for redelivery.

## **UPHOLSTERED PART OPTIONS:**

**Be careful many companies upholster over your old fabric & foam.**

12a. Upholstered parts. COMPLETE FACTORY RE UPHOLSTER. Return to the factory with the applicable Upholstered Parts.

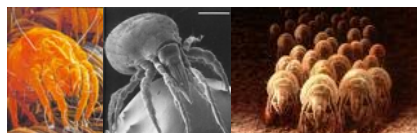

☐ Seats ☐ Backs ☐ Back of Back ☐ Other

12b. We Remove the Old Fabric, Poly Foam and protruding staples, Check springs if applicable, Install new Polyurethane Foam, press in our high pressure pneumatic upholstery machine in one continuous length. Upholster with New Grade A Rubberized Back Fabric - from our Fabric Selections.

*12c. Less than 750 ft. Re Install on Friday of the Same Week. More than 750 ft. the Second Week.*

*More than 1,200 ft. the Third Week.*

*However, if for some reason you are not ready for us, we have the Warehouse CAPACITY and will Insure and STORE your furniture in our WAREHOUSE for 30 days. After 30 days, add for INSURANCE and WAREHOUSE STORAGE \$.75 per foot per month.*

**Removal of your OLD Fabric & Foam eliminates accumulated dirt, sweat, skin, smells, bacteria and dust mites.**

## **4. On the DAY OF INSTALLATION**

13. Return to your Job Site.
14. Unload and place your parts in the Church. We will need the entire building.
15. Re Assemble your Pews.
16. Line Up your Pews.
17. Before we BOLT DOWN your Pews, we will obtain your written approval, below;  
The UNDERSIGNED HERE-BY certifies that he/she has the AUTHORITY of the CHURCH to APPROVE the line up as presented by the installer, understands the line up, and does HERE-BY APPROVE said LINE-UP. It is further understood and agreed to that any changes made after approval will be in addition to this contract.

Our Factory Trained CREW and EQUIPMENT.

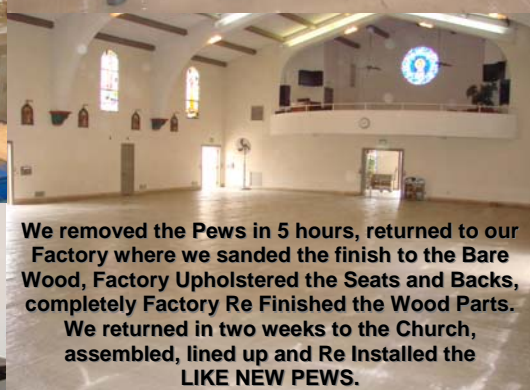

**Not a 3rd party carrier. Not a 3rd party sub-contracted crew.**

Our EXPERIENCE and KNOW HOW.

**MOST IMPORTANT - our PEOPLE.**

These PEWS were  
HARDWOOD, so we  
could repair these  
broken parts to LIKE  
NEW Condition.  
If they had been veneer,  
they would NOT have  
been repairable.

We removed the Pews in 5 hours, returned to our Factory where we sanded the finish to the Bare Wood, Factory Upholstered the Seats and Backs, completely Factory Re Finished the Wood Parts. We returned in two weeks to the Church, assembled, lined up and Re Installed the LIKE NEW PEWS.
