To enhance the natural warmth of solid woods, CARDINAL CHURCH FURNITURE offers a wide range of Grade A Fabrics.

All our fabrics include rubberized backing for strength and durability. This process allows the fabric to be cleaned with soap and water. A few of our fabric selections are shown on this page. Our Designers will present a full selection of our available fabrics.

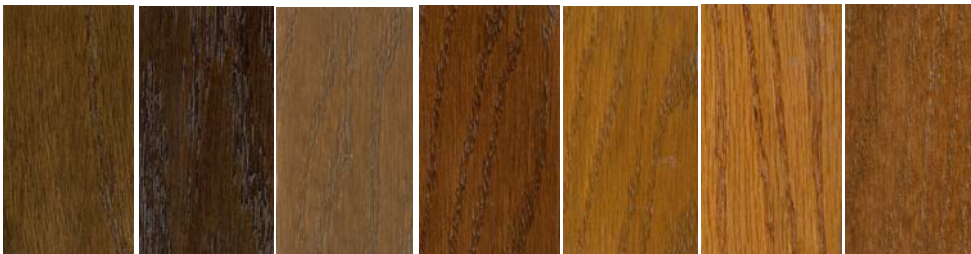

We also provide deep penetrating wood color stains which encompass the very lightest of natural oaks to the deepest darkest tones of walnut.

Our stains are hand applied and hand wiped evenly for a rich finish. We then generously apply one coat of sealer and four coats of catalyzed nitrocellulose lacquer to your true northern solid red oak exterior wood parts.

By combining hundreds of fabric color options with dozens of wood color tones, each customer has the opportunity of creating their own unique color coordination.

We are a Christian family, we run a Christian business. Part of our Christian responsibility is the obligation that we pay our employees a decent living wage with fair benefits.

In order to accomplish this goal and to be successful, we must sell our products and services at a profit and still satisfy our Customers.

If we satisfy the Customer but fail to make a profit we will soon be out of business. If we make a profit but fail to satisfy our Customers we will soon be out of Customers.

The secret to doing both lies in the concept of producing an excellent product and giving excellent service. This means doing something so valuable for the Customer that he is glad to pay a price that allows us to make a profit.

This policy insures that we will be here - after the sale - to service your warranty.

Creative Cushioning

For strength & longevity, attachable seat & back cushions are manufactured with a wood base.

We use a high-density, 2" polyurethane foam which is then upholstered with a grade A fabric. This fabric has a rubberized backing to protect the foam from moisture.
